

CHAMPS CLASSROOM ACTIVITIES LIST

Teacher _____

School Year _____

List each major classroom activity and category of activities that occur during a typical day in your classroom. Create a separate item for every activity (or category) for which you have different behavioral expectations. For example, you may list “teacher-directed instruction (for math, reading, and language arts)” as one item, or you may have three separate items: “teacher-directed instruction for math,” “teacher-directed instruction for reading,” and “teacher-directed instruction for language arts.” The format depends on whether your behavioral expectations for teacher-directed instruction will be the same or different for the different content areas.
